Here we go.....

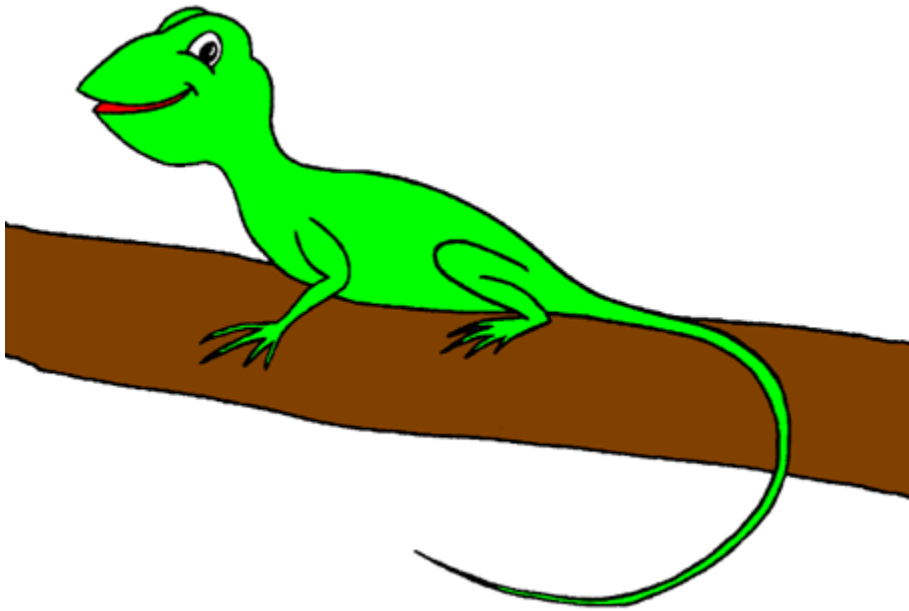

Green is a color that we see everywhere

It might be a pickle or it might be a  
pear

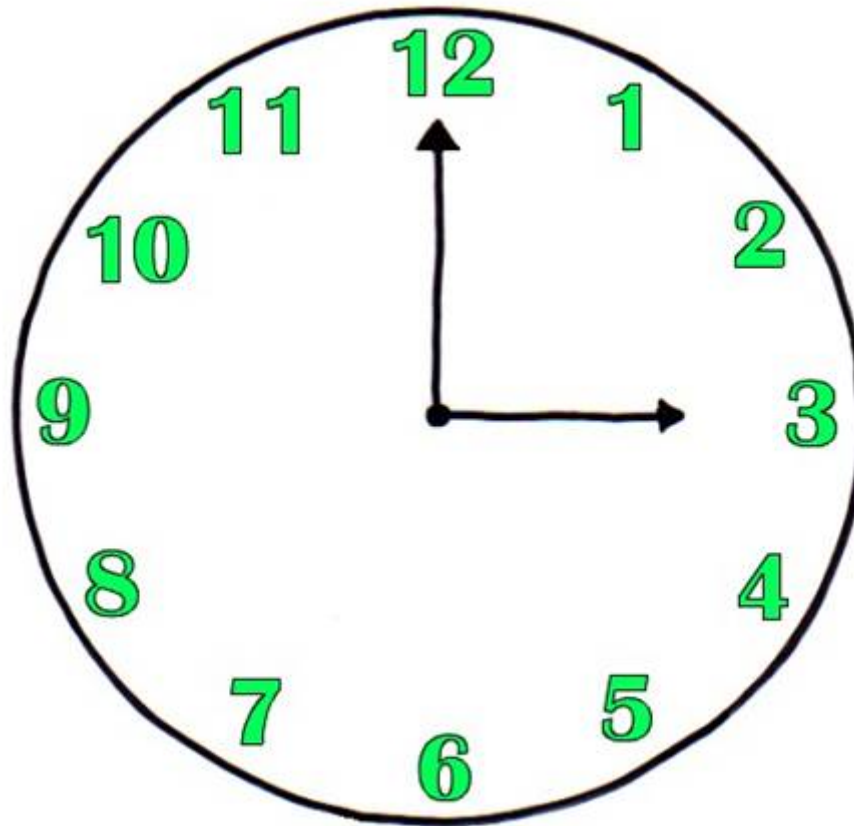

It might be a lizard or it might be a  
lime

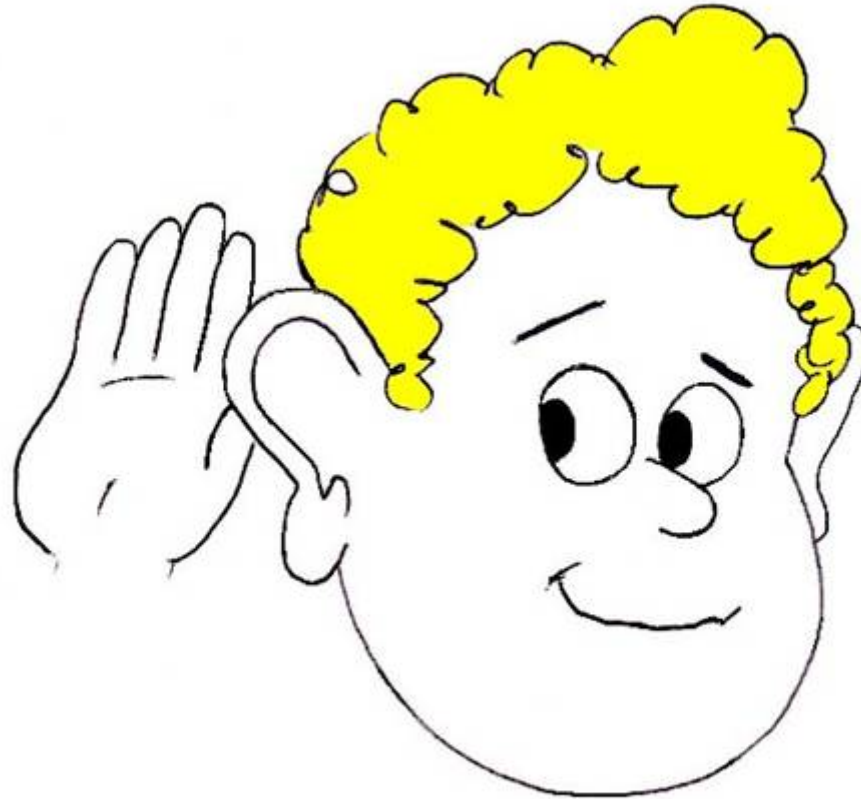

Cause green is a color that we see  
all the time

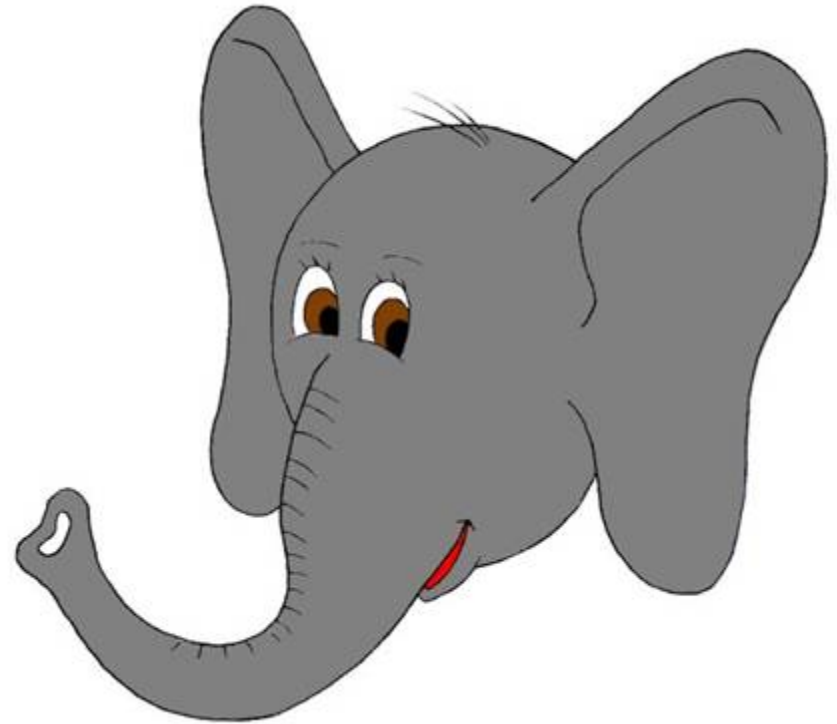

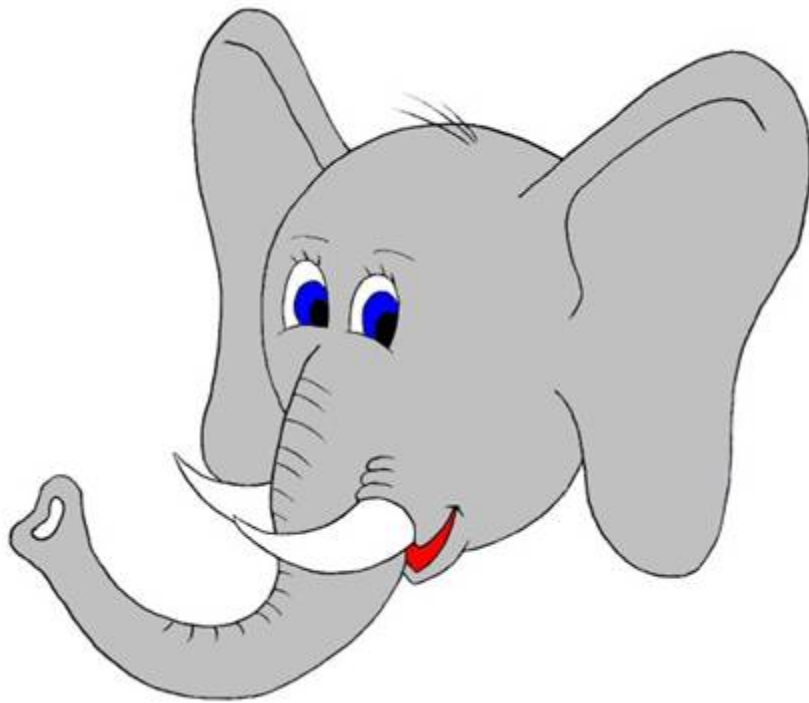

Let me hear you spell green

Out in my yard is a big shady tree

It's just as tall and as green as can be

Under that tree is a frog family

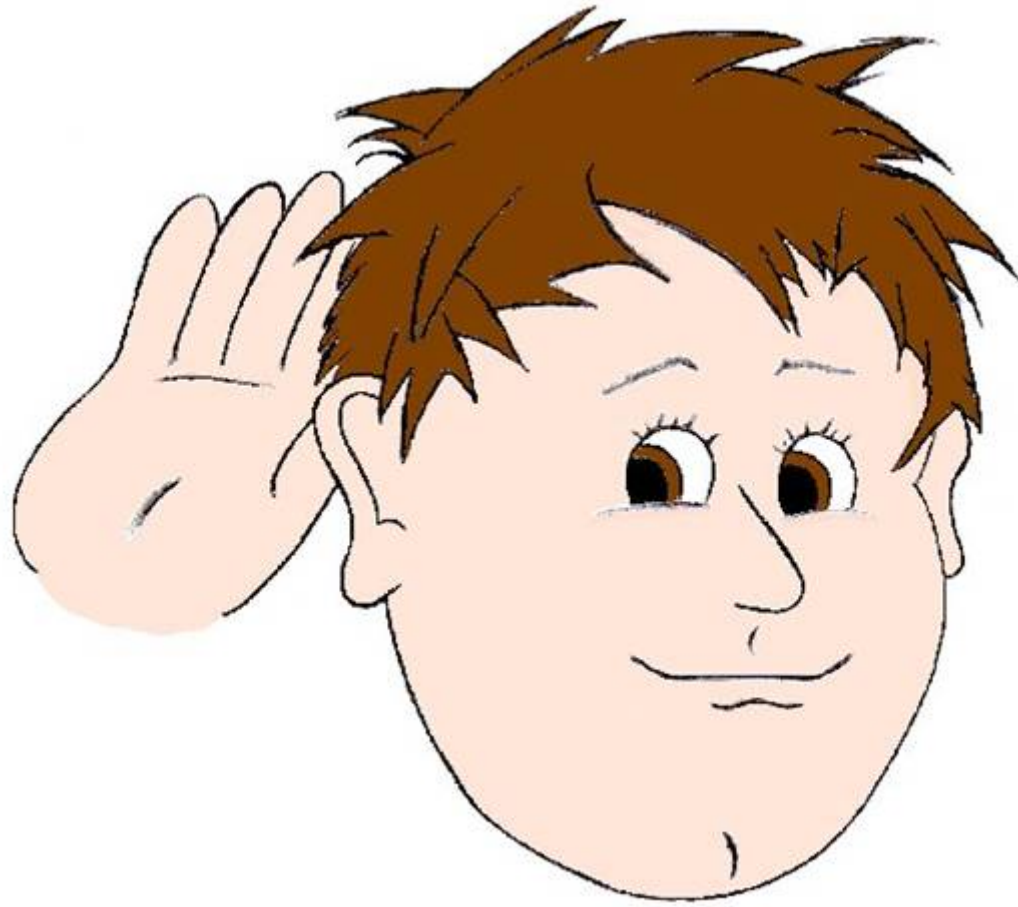

They're just as green as the leaves in  
the tree

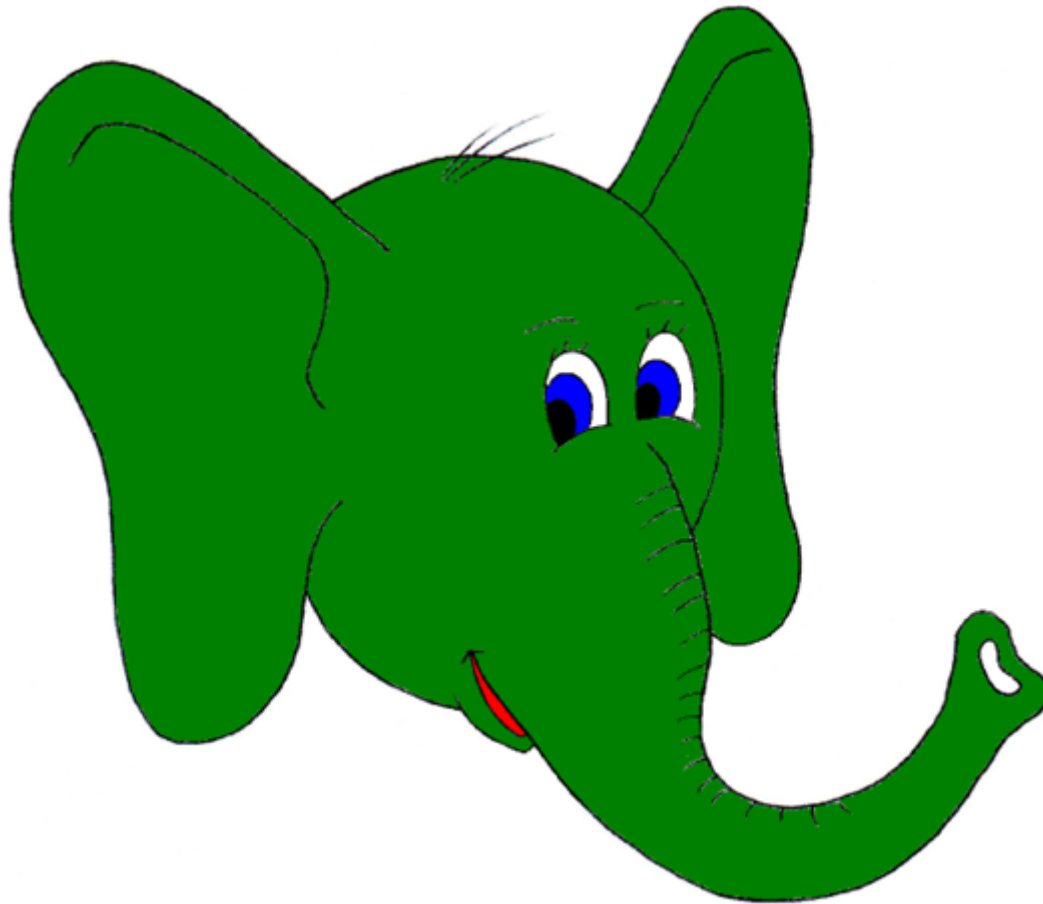

Let me hear you spell green

Let me hear you spell green

Green is the color of some things  
that I eat

Green jello, green apples, mmmm  
what a treat

Green grapes or mangos I'll take  
some of those

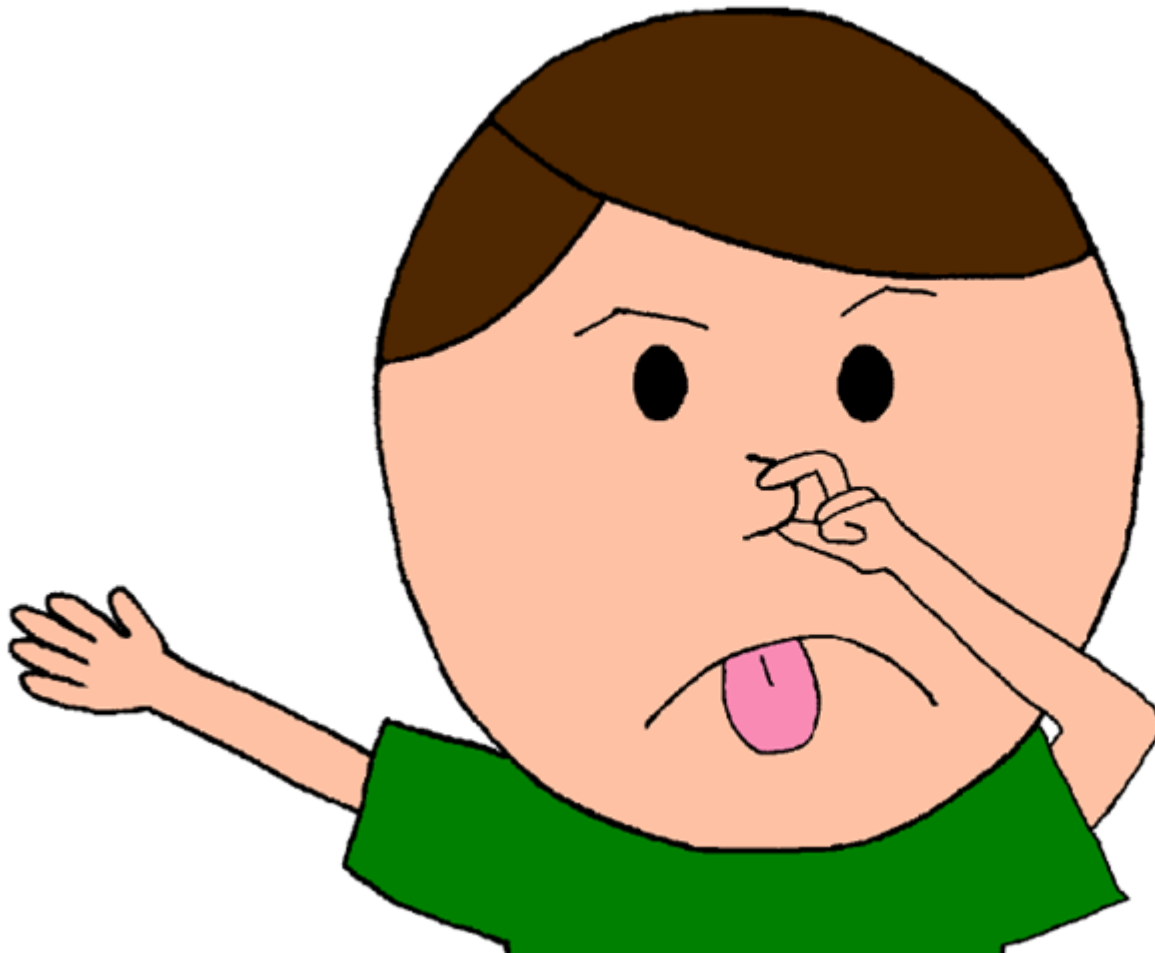

# But broccoli and spinach

Green is the color of a big crocodile

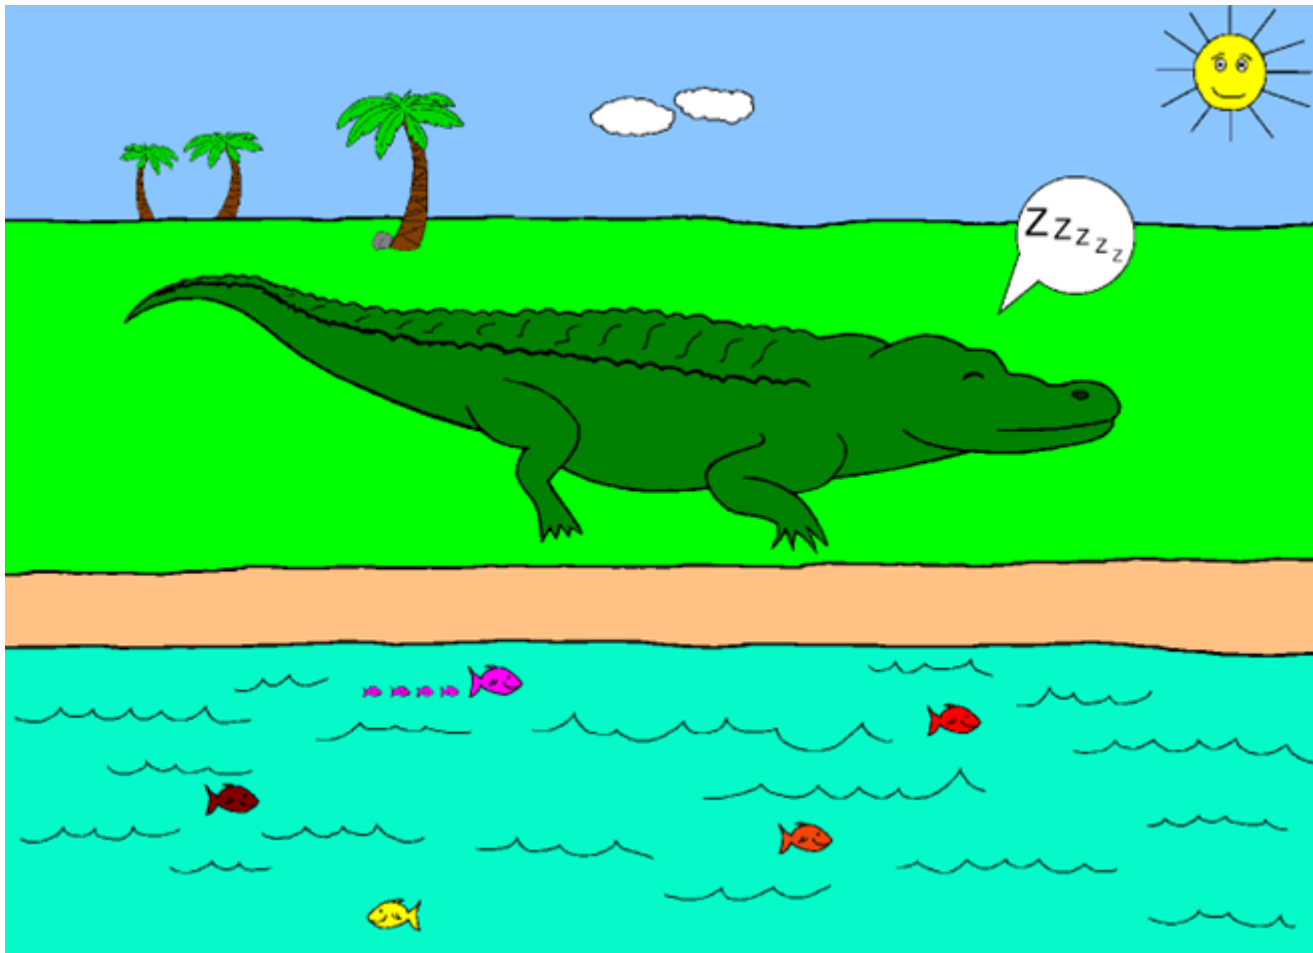

He swims in the water with a big  
toothy smile

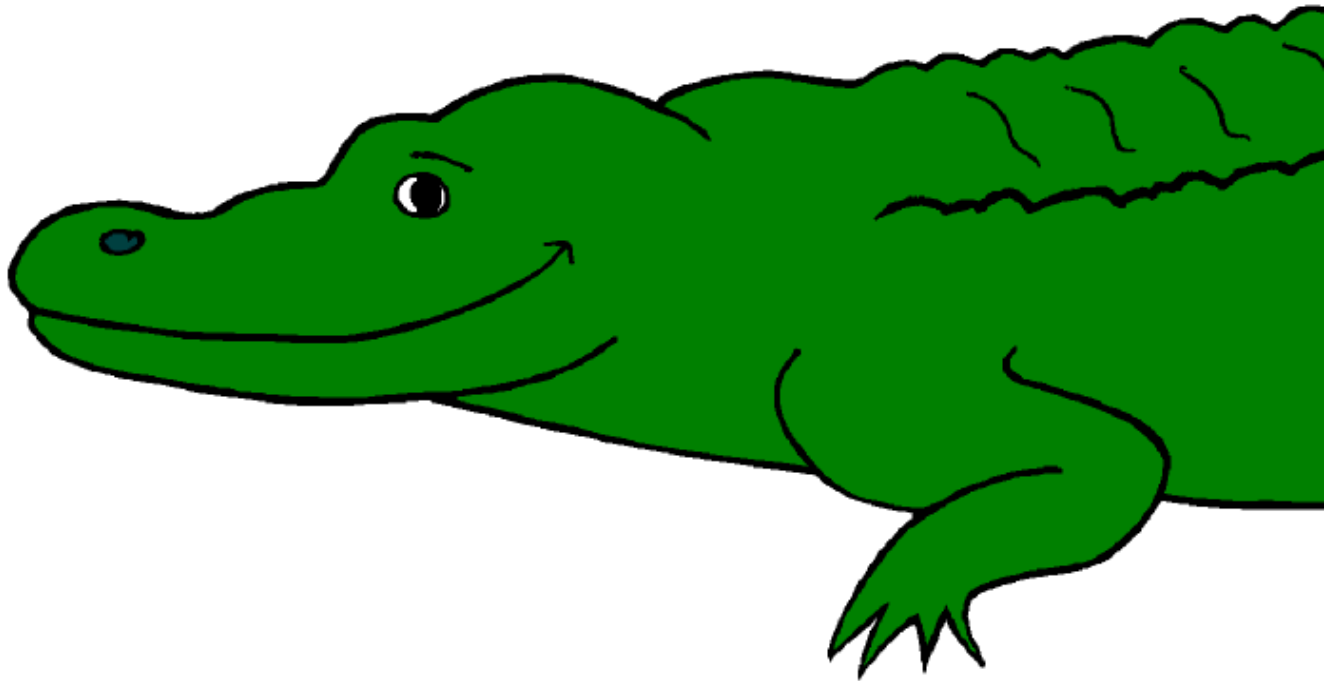

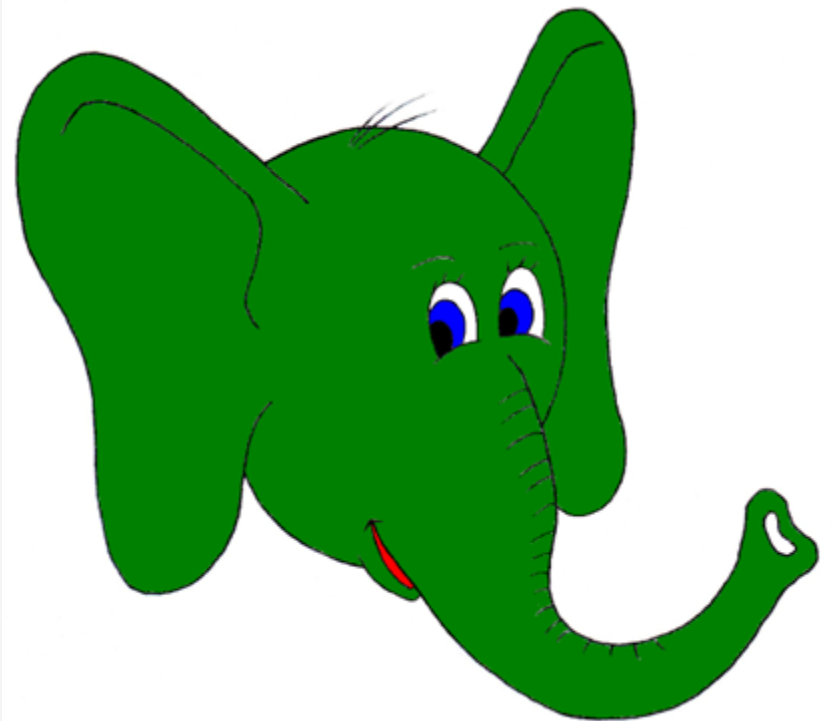

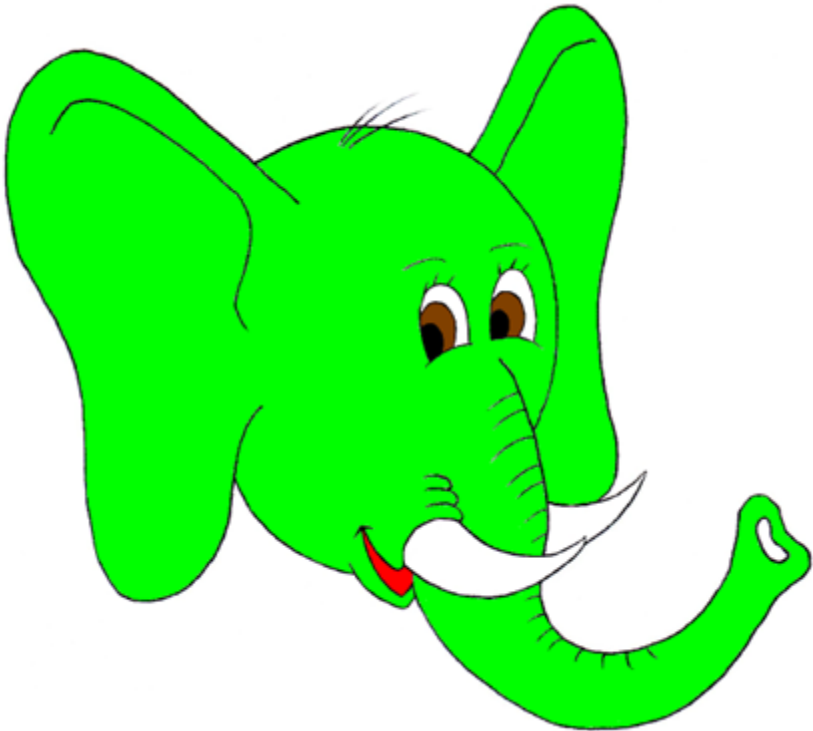

He sleeps on the shore and he rests
